LARGE VICTORIAN PEWTER CHANDELIER

Price

Sold**Item Reference: SA170261****Date of manufacture: Victorian**

Description

A fabulous quality, Victorian pewter chandelier with eight scroll arms, and a beautifully detailed central column and finial. It measures approximately 32" (81 cm) in length and 32" (81 cm) in width. It is extremely heavy, and needs a good supporting beam to take the weight. The chandelier has been rewired for the UK market and has new tall candle tubes. It's rare to find a large, good quality, pewter chandelier from this period in such good condition. It is hard to photograph the chandelier because the flash reflects on the metal and produces a harsh silver colour, whereas it is a lovely dark rich grey but it can be viewed in the Berkshire area if required. Collection preferred, but delivery could be arranged and quotes will be given first.
