## A VICTORIAN BRASS DOORSTOP

Price

**Sold****Item Reference: SA171171****Date of manufacture: Victorian**

## Description

A beautifully made Victorian brass doorstop in the shape of an umbrella stand, this even has a 'dividing tray' in the bottom for umbrellas. It isn't actually a tray and doesn't come out, it is part of the heavy base. This measures 11" (28cm) in height and 7" (18cm) at the widest point. We haven't found a maker's mark, but it is a top quality item and has been very well made. It weighs nearly two and half kilos - or 4lb 14oz.

Internal Ref: 1100
