Description

Fully and professionally restored. This is a wonderful opportunity to own a genuine Victorian solid brass three piece companion set or fire irons dating to around 1880. They really do stand out because of the fabulous turned handles and knobs, they are extremely heavy as you would expect. They have been fully and professionally restored with the brass being bright and crisp yet retaining the patina you would expect from a set of this age. They are large measuring 27" long. Delivery within mainland UK is included in the price. The first photograph shows them with a pair of fire dogs which we also have for sale, these are not included in the price but would compliment the fire dogs beautifully, We have a large selection of genuine Victorian brass lamps, fire dogs, companions sets and vintage wristwatches and clocks so please do take a look at our other items.
