Description

A stunning pair of English binoculars or field glasses dating to around 1900. Made from polished brass, they have been meticulously re-polished to gleam, which looks stunning paired with the cognac coloured leather. They focus wonderfully and adjust to fit comfortably across the bridge of the nose, there are also brass sun shades which pull out to reduce glare in bright light and sunshine. The eyepieces are signed "Heath & Co., New Eltham London" and the brass engraved with a group of numbers. They come complete with a brown leather carrying case.
