Description

Victorian Worktable - Gorgeous Fitted Interior - c1850 A Victorian ladies flame mahogany workbox with serpentine curved body, under-drawer and wonderfully fitted interior. The workbox is a hugely attractive item which is constructed beautifully and benefits from superb condition. Carved moulded cabriole legs are united by a diagonal stretcher with 'pin-cushion' centre. This wonderful base sweeps into the main body of the table delivering glamorous appeal and providing a sturdy support. Flame mahogany throughout, a serpentine top, and central cartouche give the piece a stunning look. The top opens to reveal a very well appointed interior with lift lids, cubbies and a hide-away pin cushion. The whole interior actually slides out so it can be transported to the place where one is working without carrying the whole item of furniture - very clever designing and adding even further to the desirability of this charming example. Under the main section there is a conical hard bodied slide out drawer with lined interior. This stylish and well kept item will make a fine addition to any collection. Please do not hesitate to contact us if you require further information - w...
