Description

Set of 6 Heavy Gothic Oak and Leather Dining Chairs. This is a very heavy quality set of Cromwellian style chairs dating from 1880, the Oak frames have double stretchers and the front rails are bobbin turned. The set has two carver chairs and four singles, the seats and backs are covered in heavy quality Brown Hide and the backs of the seats are studded with large brass studs. Most of the leather is original but the arms of the carver chairs has been renewed, the brown leather is a close if not exact match, the chairs do have a delightfully shabby look. The chairs are in good sound condition with the expected dings. The chairs are 38" high at the back, 19" across the front and seats are 19" high, the carver is 22" across the front.
