Description

A dutch style still life flower oil on canvas painting, presented in a later oval decorative plaster and gilt moulded frame. Nineteenth century style being a very vibrant and colourful study of exceptional quality and is signed by the artist " D. MacNab " bottom lower centre of canvas. All in lovely condition throughout and requiring no work. The beautifully ornate frame is also in good order with no losses, although not as old as the painting which itself dates around the early 20th century. A stunning painting which has achieved a good standard of realism with all the various flowers correctly depicted in both shape and colour. A favorite painting of mine at a sensible price.
