Description

A very detailed early Victorian coloured etching of a young girl, depicted wearing black dress with white lace collar, shown holding a flower to smell, in a contemplating pose. **FRAME:** The frame is an original very ornate example, which compliments the sitters life like pose. There are some losses on the frame, although these are fairly minor and do not spoil the overall appearance. All blemishes have been re-gilded. **CONDITION:** There are faint signs of some ghosting or mild tiny mould patches in the background areas. These can sometimes be carefully bleached out by painting a weak mixture of miltons bleach evenly on the back of the etching. This portrait has been carefully highlighted by hand with watercolour paint in order to enhance further the realism of the sitter. The marks are all part of the normal ageing process and in my opinion do not effect the visual appearance to any real degree. **MEASUREMENTS:** Height: 14.5 Inches Width : 11.5 Inches Height : Actual Image 9 Inches Width : Actual Image 7.75 Inches **TELEPHONE ENQUIRIES:** 07765 856171 **HOURS** 10 AM -10 PM **7 DAYS A WEEK** **DELIVERY:** UK MAINLAND & WORLDWIDE QUOTES AVAILABLE ON REQUEST **ONE OF A PAIR OFFERED SEPARATELY...**
