## Description

VERY LARGE VICTORIAN ROSEWOOD LIBRARY CUPBOARD BOOKCASE This is the most impressive Library cupboard This Victorian piece is made in solid Rosewood and probably the heaviest piece I have ever come across The cupboard or bookcase is highly carved, there are side columns with Green Man style Faces on both the top and bottom sections with vines and leaves but almost all the flat surfaces have a Linen Fold carving covering them Even though there is such rich detailed carving you can still see the beautiful grain of the Rosewood The Library Cupboard or Book Case is a very tall piece, it is in two sections, a glazed bookcase to the top and a very deep double cupboard to the base. The top section has adjustable shelves and the lower section has two drawers and two doors, each of which encloses a shaped shelf inside the cupboard and it all stands on stout bun feet The Cupboard is in excellent condition with very little in the way of blemishes probably because Rosewood is so hard it wears well Now to the size, the cabinet is 92" high, 53" wide and 29" deep yes this is a big one DELIVERY OF THIS PIECE TO ALL OF MAINLAND ENGLAND AND WALES IS INCLUDED IN THE PRICE Delivery times var...
