Description

Beautiful Victorian French four glass crystal regulator mantel clock c1880. ~~ Superb condition throughout ~~ This is an exceptional four glass clock made by the highly respected clockmaker Richard and Co. The case is gilt on bronze and not polished brass as in the majority of clocks of this type, it is in superb condition, bright and clean. The open Brocot escapement movement is of the highest quality, it is completely original with a mercury pendulum and is temperature compensated, it runs for a full eight days. It still retains its original curved bevelled edge glass panels which are in excellent condition with no chips or scratches. This is an extremely rare clock with it being larger than most four glass clocks and because it is completely original. The movement is in excellent clean and running condition having just undergone a complete and comprehensive overhaul by Alan Williams of Plymouth Clocks who is a fellow of the British Horological Institute so you can be assured that this clock will give trouble free service for many many years before requiring any further attention. A beautiful high quality victorian clock in wonderful condition which will give ...
