The case is of solid 18ct white gold and it really does stand out because of the diamond accents embedded in the lugs which are bright and crisp as you would expect from a Rolex watch. It also has a new cabochon sapphire crown which compliments the diamonds beautifully. The high grade Rolex movement has just been fully overhauled and serviced by Simon Batchelor MBHI and it has a brand new glass fitted. It has a new cocktail strap fitted and the clasp is made of solid 9ct white gold which is fully hallmarked. The movement is an absolute gem, sparkling clean and in like new condition, this is a movement from the golden age of swiss watchmaking. As you would expect from Rolex the watch is fully marked on the dial, movement and case. It comes complete with a new presentation box. Rolex are one of the most exclusive makers in the world ...
