Description

A rare hand held silver magnifying glass from the early reign of George V. This sought after item is unusual on account of most magnifiers having a replacement glass and mount (not in silver) and this is in complete and original condition. Condition :- Very good, with no dents or splits to the silver and no cracks or chips to the glass. There is some surface scratching to the glass which does not hinder the magnifying and is commensurate with age and use. Hallmarks :- Full marks to glass mount and corresponding part marks to handle. Maker :- Deakin & Francis. Diameter :- 6.5 cms. Length :- 12.5 cms.
