Antique Swedish Round Mahogany Dining Table

Description

This antique Swedish small mahogany dining table has a lovely mellow colour & a good patina. It looks like an antique William IV table & maybe the same age, but being Swedish, it might be a bit later. Either way, it's a great table & is in good original condition. I've just had it polished, while retaining all the character, so some of the old marks are still visible under the polish, which I think is better than stripping all the life out of it. Diameter - 43", 109 cm Height - 29", 77 cm
