

SA192757

Large Antique Victorian Mahogany Chest of Drawers

Price

Sold**Item Reference: SA192757****Date of manufacture: Victorian**

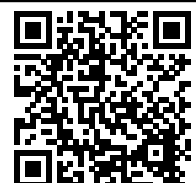

Description

Very large top quality antique Victorian chest of drawers in mahogany with rounded corners in good original condition. This chest is wonderful for storage, because all the drawers are deep, especially the bottom one which pull out attached to the plinth, so there is no wasted space. It's also in great condition with no warps or splits & the drawers have fine dovetails. There are turned wooden bun handles on the drawers & small bun feet under the plinth. It has been to our workshop where it was gently polished, keeping the original warm colour & all the drawers made to work well. These very large chests of this vintage are becoming very hard to find in this condition & this one dates from around the 1860-80 period. Width --- 47.5" (121cm) Depth --- 20.5" (52) Height --- 47.25" (120)
