Antique Regency Mahogany Stool

Price

Sold**Item Reference: SA192974****Date of manufacture: 1800**

Description

This antique Regency mahogany stool is very impressive & most useful. It has been reconstructed from a pair of Regency chairs from around the 1810 period & then recovered. Take a good look at the quality of the carving. It's been fully re-upholstered with a calico topping & would only cost about £25 to recover it again. These stools are very popular for use at the end of a bed. Length --- 47.5" (121cm) Height to top of sides --- 32" (81) Height of Seat --- 20" (51) Depth --- 16" (41)
