Description

This is a wonderful opportunity to acquire a solid brass oil lamp dated to around 1910. As you can see it is most beautifully decorated with open brass fretwork with floral motifs to the main body and base and then figure heads to the top, the quality is just breathtaking. It has a blue and white china oil well and clear fluted glass shade. As you would expect from a piece made of solid brass it is extremely heavy. It measures a staggering 29" high. An extraordinary piece in a classic design which can be placed anywhere in the home, an item which will give great pleasure for many years to come and a perfect gift.
