Description

Oak Study Chair - Fine Shape - c1910 A lovely oak original study chair presented in excellent order. The piece offers much in the way of comfort with supportive arms and wide back rest. The chair would work beautifully in any location, residential or commercial, and would make a fine feature piece or is suitable for daily use. A solid oak quad form base is united by an H-stretcher for added robustness. The seat upper shows a small split to the material at the front but this does not detract. Overall the chair displays excellently with huge style and very pleasing oak colour and grain. With a seat height of 46cm (18.1") and a very generous 50cm (19.7") seat width this chair delivers practicality as well as style. A most desirable and collectible antique.
