A Very Large French ATO Industrial Railway Wall Clock

Price

Sold**Item Reference: SA201713****Date of manufacture:**

Description

A Very Large French ATO Industrial Railway Wall Clock. This is a Large piece, the clock has a Steel Frame and enameled Face and Hands, it is good condition and I believe it works but it will need a transformer to adapt the old French system to modern English electrics, other wise a new Quartz movement might be the best way. The Clock is in very good condition, it has natural weathering in to the case but it is sound. The clock is 5" deep and 21" in Diameter.

Internal Ref: HN35
