Description

This is a wonderful opportunity to acquire a Victorian mantel clock made by the English company of Camerer and Kuss of New Oxford Street, London. The case has been painted in an Old English White colour which of course would fit in with any colour scheme and this is complimented by the original blue and white dial which has a contrasting brass bezel. It definitely has that country or shabby chic feel to it, very impressive and would look wonderful in a period or country home. The clock strikes the hours and the half hours on a tuned gong. The movement has just undergone a full clean and service and is an absolute gem and comes with a 12 month warranty. It is keeping accurate time to within 1 minute a week. Dimensions of clock: Height 14 inches, Width is 10 inches, Depth 5.5 inches.
