Pair of 19th Century Leather Fire Buckets 'Parnham' Dorset

Price

Sold**Item Reference: SA210681****Date of manufacture: 19th Century**

Description

This Pair of 19th Century Leather Fire Buckets bear the name of the house for which they were made, 'PARNHAM', in gilt. This name is more easily read on one than the other. We believe this to be Parnham in Dorset. The Buckets stand approximately 11.5 inches (29.25 cm) high with the handle down. The condition is good. Ideal for decoration or use as novel waste paper bins.
