

SA213318

A gorgeous Edwardian carved wood barometer.

Price

Sold

Item Reference: SA213318

Date of manufacture: 1910

Description

A fine carved wooden wall barometer from the elegant Edwardian era. This beautiful example has detailed carving to the polished wooden surround. The workings are exposed behind a painted enamel face and the glass is bevelled. The backing plate is screwed in and the barometer has a hanging ring. Condition :- Very good, with no cracks or damage to the wood. The face is in excellent condition and the glass is undamaged. There is some slight wear to the brass surround (photo 5) commensurate with age and use. Origin :- English. Case diameter :- 18.5 cms. Barometer diameter :- 9 cms.

Internal Ref: P2412
