

SA221468

A PAIR OF GLASS WALL LIGHTS WITH CRYSTAL DROPS

Price

Sold**Item Reference: SA221468****Date of manufacture: 1910**

Description

A pair of antique double arm glass wall lights that have been rewired for the UK market and fitted with new candle tubes. They measure individually: 20cm in width, approximately 15.5cm in length from the wall fitting, and the back plate is 8cm in diameter. The crystal drops have had new brass pins fitted to keep them in place. These date from around 1910-1940 and are referred to as Marie Therese wall lights because they match the chandeliers from that period.

Internal Ref: 1210
