Description

Carved & Ebonized Jardiniere Stand - Stunning Design - c1880 This stunning carved stand shows tremendous style and offers use as a pot stand or display for ornaments or similar. It will also work as a stand alone piece - perhaps by an entrance door whereby the bowl top would serve as a receptacle for keys or similar. A wonderful base, featuring mythical serpent heads at each foot, sweeps into the spectacular centre column which details a cobra headed serpent devouring a large bird. The piece then rises through further wonderful carving before bursting into a flower-head upper with foliate and fruit embellishment. The whole displays desirable ebonized finish. The piece is in very good antique order throughout and stands robustly. Overall a very pleasing example, both attractively styled and well presented. A quirky and interesting addition to any setting and very rare in this style, quality and original condition. Delivered ready for the home. 90cm (35.4") - Tall 36cm (14.2") - Diameter at top Please do not hesitate to contact us if you require further information - we are here to help.
