

SA223016

A Gloucestershire Georgian 'cottage' grandfather clock

Price

Sold**Item Reference: SA223016****Date of manufacture: 1750**

Description

Gloucestershire Georgian 'cottage' grandfather clock. An oak and mahogany case with marquetry inlays to the trunk door and base panel. Dentil cornice mouldings to the hood with brass capped hood columns. A very well engraved brass dial depicting the four seasons to the corners and a county scene to the centre. A date aperture with seconds dial. An 8-day duration mechanism striking the hours on a bell. The dial is signed 'Miles & Marsh, Sodbury'. George Miles is recorded in Dowlers 'Gloucestershire Clock and Watchmakers' book as working in Horton, a village next to Sodbury in 1777. Height 6ft 6" / 198cms.
