

SA223640

LARGE ROUND CRYSTAL DROP CEILING LIGHT

Price

Sold**Item Reference: SA223640****Date of manufacture: 1910**

Description

This is a very unusual crystal drop ceiling light in beautiful condition, dating from around 1910 - 1940. It has recently been rewired for the UK market. The light measures approximately 36cm in length, and 39cm across. There are four lightbulbs at the top, with a 'bag' shape of drops underneath, and several tiers and rows of lovely shaped, good quality, original crystal glass drops coming down. Along the top of the frame and between the drops are rows of original little glass beads which can just be seen in the first and last photograph. It can be viewed in the Berkshire area, or we can arrange viewing in Surrey by arrangement. Delivery within easy reach of the M25 is possible and included in the price.

Internal Ref: 1209
