

SA223652

A VICTORIAN ETCHED GLASS HALL LANTERN

Price

Sold**Item Reference: SA223652****Date of manufacture: Victorian**

Description

This is a very unusual, beautifully etched, glass Victorian hall lantern with a bronze fitting at the top. It measures approximately 30cm in length and 23cm at the widest point and has recently been rewired for the UK market. It is hard to photograph lit, but we wanted to show the lovely etching around the glass, particularly the central band. In the photographs it is lit with a opaque glass light bulb, but a clear glass one may be preferred.

Internal Ref: 1205
