Description

Very impressive large antique walnut display cabinet, with an arched top, astral-glazed top doors & burr walnut cupboards below, sitting on shaped Queen Anne feet. Nicely lined inside & in good condition throughout. Dates from around the 1910-20's period. Sorry, I must remember to put the measurements on. It's probably about 72" high & 42" wide. Please ask if they are not on soon.
