BEAUTIFUL GEORGIAN BRASS AND COPPER COAL SCUTTLE C1830

Price

Sold**Item Reference: SA225368****Date of manufacture: 1800**

Description

This is a wonderful opportunity to own a genuine Georgian solid brass and copper coal scuttle dating to around 1830. It really does stand out because of the fabulous so called 'helmet' shape and twist in the handle which is so typical of the Georgian or Regency era. It has been sympathetically restored with the brass and copper being bright and crisp yet retaining the patina you would expect from a piece 180 years old. It measures 12" high and 16 inches wide. Delivery within mainland UK is included in the price. We have a large selection of genuine Victorian brass lamps, fire dogs, companions sets and vintage wristwatches and clocks so please do take a look at our other items.
