Sold**Item Reference: SA225375****Date of manufacture: 1890**

Description

Professionally restored. This is a wonderful opportunity to acquire a solid brass desk or table lamp dated to around 1890. This is most unique as it was originally an oil lamp which has been converted into electricity, as you can see it is most beautifully decorated with cherubs in various poses surrounded by floral motifs, the quality is just breathtaking. The main body is gilt and the base and top brass work is not making it a lovely contrast and the finish compliments each other extremely well. As you would expect from a piece made of solid brass it is extremely heavy. It measures 13.5" high. An extraordinary piece in a classic design which can be placed anywhere in the home, an item which will give great pleasure for many years to come and a perfect gift. It has been converted by a fully qualified electrician and ready for immediate use. Delivery within mainland England, Wales and Scotland is free or you are more than welcome to collect in person, we are based near Fowey in Cornwall.
