Description

A truly wonderful antique French magnifying glass, style and quality in one package ... and about as useful as a desk-top accessory could be. Made from French silver, there are two tiny hallmarks to the front (looking like two little dents) shown in the photographs. The heavy silver frame incorporates an initial B in the handle, so if this is your first or last initial, this is for you. The glass is original with only a few minor fine scratches, the magnification is exceptional, the glass clear and won't disappoint. Excellent condition measuring 7" in length with a glass diameter measuring 3 1/4". Item ID: 34899 FREE Worldwide Registered Airmail Directly From London, England
