Sold**Item Reference: SA225942****Date of manufacture: 1860**

Description

Large antique Victorian figured walnut chest of drawers with round corners & a solid walnut top. It's in good original condition & has a lovely mellow colour. This is the model with the deep blanket drawer that pulls out with the bottom plinth attached. These chests are really popular, because of the deep drawers & no wasted space. The drawers have turned wooden bun handles, original locks & are finely dovetailed. The back is original too. The grain on the drawer fronts & the patina is beautiful. Please enlarge all the close ups. I would say it dates to around the 1860-80's period. This chest is fabulous quality & has loads of character. Width - 46.5", 118cm Depth - 20", 51cm Height - 46.5", 118cm
