Description

A lovely mahogany mantle clock by the renowned maker Winterhalder and Hoffmeir. This clock strikes with a two-tone strike on the quarters and on a different gong on the hours. It is a particularly clear and distinct sound. The 8 day movement has just been fully overhauled by our BHI registered staff. It has a convex, silvered, 8" dial and a cast brass bezel with convex glass. The mahogany case retains its original French-polished finish and is inlaid with box stringing to the front. A really lovely clock. Dimensions: Height 14" (36cm) Width 10" (26cm) Depth 6.5" (16cm)
