A PAIR OF DOUBLE ARM BRONZE WALL LIGHTS

Price

Sold**Item Reference: SA226426****Date of manufacture: 1910**

Description

A pair of bronze double arm wall lights circa 1910 -1940 that have recently been rewired for the UK market. Each one weighs 2kg and they are of very fine quality casting showing the distinctive scroll arms and design work. We have lightened the photographs to show the details of the design, but in reality the lights are a rich, dark bronze colour. The back plate measures 21cm in length by 10cm wide and the width of each wall light is approximately 30cm. There is a screw hole at the top of each for easy fitting. Postage and package within the UK mainland is included in the price, or collection from Surrey can be arranged.

Internal Ref: 1221
