Description

A really charming late Victorian monocular made from polished brass and clad in natural creamy Ivory with a good glossy patina. The eyepiece too is made from Ivory, and miraculously the Ivory has remained undamaged over the last 120 years. The brass has had a knock over the years, giving an area a little irregular, insignificant but mentioned and shown for accuracy. Optically they are in great shape too. It comes complete with a (new) little pouch to keep it protected. 2 1/8" extending to 2 7/8". Item ID: 34917 FREE Worldwide Registered Airmail Directly From London, England
