Description

Professionally restored This is a wonderful opportunity to own a genuine Victorian solid brass pair of fire dogs dating to around 1880. They really do stand out because of the fabulous supports, the design is typical of the Victorian era. The brass is crisp yet they retain the patina you would expect from a pair of fire dogs of this age. They measure 7.5" high and 6.5" deep. These fire dogs are genuine Victorian and not to be confused with modern reproductions. Delivery within mainland UK is included in the price. We have a wide range of fenders and companions sets which would compliment these beautifully as well as lighting, clocks and watches so please take a look at our current stock on our website.
