Description

Fully and professionally restored. This is a wonderful opportunity to own a genuine Victorian solid brass companion set dating to around 1890. They really do stand out because of the fabulous shell shaped decoration and Victorian design to the handles and tongs, they are extremely heavy as you would expect. They have been fully and professionally restored with the brass being bright and crisp yet retaining the patina you would expect from an item of this age. They measure 26 inches long. Delivery within mainland UK is included in the price. We have a wide range of fenders and fire dogs which would compliment this companion set beautifully as well as lighting, clocks and watches so please take a look at our current stock on our website.
