18th Cent Longcase Clock, Mark Metcalf Yorkshire

Price

Sold**Item Reference: SA229649****Date of manufacture: 1750**

Description

An interesting mid 18th cent country longcase clock by Mark Metcalf of Askrigg, Yorkshire. The elegant slim case is in pine grained to look like oak (later re-decorated). It has a 30hr single handed movement with a smart 10" brass dial with silvered chapter ring and gilt brass spandrels. It has a date aperture but this is now fixed and not operating. There has also been a repair to the dial, however this is behind one of the spandrels and is not visible. The movement looks to have recently been serviced and is in good working order. The maximum dimensions are: 205cm(81") high 50cm(20") wide 28cm(11") deep Free local delivery and set up (60mls), national and international delivery arranged.
