

SA229678

A PAIR OF SIX ARM ITALIAN CRYSTAL GLASS CHANDELIERS

Price

Sold**Item Reference: SA229678****Date of manufacture: 1930**

Description

An elegant pair of six arm crystal glass chandeliers, circa 1930 - 1950, which we believe were made in Italy. They have recently been rewired for the UK market, and have rows of glass drops between the arms with a large crystal drop in the centre. The glass candle cups and ceiling fitting are also fitted with glass drops. Exact measurements to follow, but they are approximately 75cm in length and 60 in width. There is a tiny repair to the inside of the glass on one of the central columns, but it is close to the base and is not visible unless viewed from the top down. It is totally hidden from view once the chandelier is hanging. The pair of chandeliers can be viewed in the Berkshire area, or we can supply further details if required.

Internal Ref: 1207
