Victorian camphorwood secretaire military chest

Price

Sold**Item Reference: SA229726****Date of manufacture:**

Description

Victorian camphorwood secretaire military chest To view this military chest on video please www.hingstons-antiques.co.uk This Victorian military chest is made of Camphorwood that gives out a lovely scent and was good at keeping the tropical insects at bay when the officers were on campaign. The chest is fitted a fold down secretaire that opens again to reveal pigeon holes and a cupboard. We have only waxed this item as it has all the character of a campaign piece and so looks great with any small damage it has had in its lifetime. 112cms wide 56cms deep 117cms high
