

SA232079

Large Antique Bow Fronted Flame Mahogany Chest on Chest

Price

Sold**Item Reference: SA232079****Date of manufacture: 1910**

Description

Very impressive large antique mahogany bow fronted chest on chest in good original condition, with a wonderful flame mahogany pattern running all down the front. It has a dental moulding along the top, graduated drawers with original brass handles, locks in all the drawers, an apron bottom edge & splayed feet. All the drawer bottoms are solid oak & they are nicely dovetailed. This tallboy is excellent quality throughout & comes apart in two sections for easy transportation. I would date it to around the 1910-20 period. Width --- 32.3", 82cm Depth --- 21", 53cm Height --- 62.8", 160cm
