A PAIR OF ANTIQUE FOUR TIER GLASS CEILING LIGHTS

Price

Sold**Item Reference: SA235916****Date of manufacture: 1900**

Description

A pair of four tier glass drop ceiling lights hanging from a gilt frame with five leaves around the top of each, and each leaf holds a glass drop. They measure 32cm across within the brass ring, and 35cm across the decorative leaves; they measure 40 cm from the hook linking the chains to the bottom drop. Chain can be added to the hook to allow the lights to hang lower if preferred. We date these to be around 1920-1940, they are not modern copies. Some of the glass drops have been fitted with replacement pins to keep them in place. They do not need wiring as the light cable drops through the ceiling hook at the end of the chains. Postage and Package for the UK is included in the price, and they can be viewed in the Surrey area.
