A LITTLE ROUND HALL LANTERN WITH ORIGINAL SHADE

Price

Sold**Item Reference: SA238090****Date of manufacture: 1900**

Description

This little lantern circa 1900-1940 has immense charm and still has the original (and rare) round opaque glass shade in perfect condition. The metal frame work has been painted over the years, and the overall look can only be described as 'rustic' with signs of bumps and imperfect surfaces. The lantern measures 28cm in height - from the top of the frame to the base of the four bun feet, and is approximately 16cm across the base. The measurement of the top fitting is 25 cm. It comes with 35cm of heavy, original chain. We have rewired it for the UK market and postage and package is included in the price. It can be viewed either in the Surrey area.
