NAIVE WOODEN DIORAMA OF CIVIC BUILDING or TOWN HALL circa 1920

Price

Sold**Item Reference: SA238370****Date of manufacture: 1920**

Description

Measuring approximately 12 inches (30.5 cm) high, 25 inches (63.5 cm) wide and 2.75 inches (7 cm) deep, this NAIVE WOODEN DIORAMA dates from circa 1920. Two of the paper clock faces are missing and the third is loose. The bottom shelf on the right hand side is missing and the post at the end of the balustrade beneath the left hand gable is also missing (please see photographs). One or two of the mirror-effect windows are missing. The DIORAMA would benefit from a clean. Someone's labour of love that must have taken hours to produce.
