Description

This is a very fine and beautiful example of a ladies wristwatch made by the world renowned premier Swiss maker Longines. This is the 17 jewel movement which has a solid 9ct yellow gold case and bracelet. It is quite stunning with a champagne coloured dial and intricate slender solid 9ct gold diamond cut bracelet which sparkles and simply glides around the wrist. It has just had a brand new glass fitted so there are no scratches and there is no inscription on the back; it is in mint unworn condition. The movement is an absolute gem, sparkling clean and in like new condition, this is a movement from the golden age of Swiss watchmaking. As you would expect from Longines the watch is fully marked on the dial, movement and case, the bracelet and case are fully hallmarked. It comes complete with a new presentation box. Longines are one of the most exclusive makers in the world and this watch certainly has that understated elegance which resonates class - this is the best example of a ladies Longines cocktail we have come across in 10 years. The watch case measures 18mm in diameter including the crown. It fits a maximum wrist size of 7" but this can easily be reduced ...
