## Description

Professionally restored. It has the wonderful classic link design with 18mm ends but will fit a watch of 18mm lugs and can also easily be reduced to fit 16mm, lugs, it has a very secure tight clasp. In lovely condition having just been professionally cleaned and polished. It weighs 21g and is 6.75 inches long but links can be removed by any competent jeweller if required. If being over critical there is a slight scratch on the clasp which be seen in the photographs but this in no way detracts from the bracelet at all.
