

SA238949

SUPERB HEAVY EARLY 19TH CENTURY BRASS AND CAST IRON FIRE FENDER

Price

Sold**Item Reference: SA238949****Date of manufacture: 1800**

Description

This is the best fire fender we have come across in over 10 years. Dating to the early 19th century it has that classic design with the brass rail and turned bobbin supports attached to black cast iron base. As you would expect it is extremely heavy. It has been professionally restored yet retaining the patina you would expect of a piece of this period. The outside measurements are: 57.5 inches x 14 inches. The internal measurements are: 52 inches x 11.5 inches. It is 7.5 inches high. Delivery within mainland England and Wales is included in the price. We have a wide range of companion sets and fire dogs which would compliment this fender beautifully as well as lighting, clocks and watches so please take a look at our current stock on our website. For more information please visit our website www.foweyriver.com or contact Andrew and Lynn Willson of Fowey River Antiques, Cornwall on 01726 813155 daytime and evenings 9am - 9pm including weekends. email us direct foweyshop@btconnect.com. You are more than welcome to view this item or anything we have listed, we are only 3 miles from the historic port of Fowey and 2 miles from the world famous Eden Project.
