Description

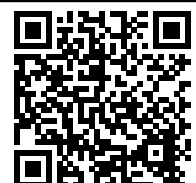

An Elizabethan Oak Dining Table This is very handsome piece, the hefty carved legs are 17th Century, as is the top of the table, however it has seen a few alterations in the 19th Century as is often the case. The table has a beautiful solid 1.5" thick oak plank top with cleated edges and a carved apron beneath, the table in its original form was a draw leaf table but now only the solid oak top remains so it no longer extends. The Table top can be lifted off to aid transportation, so will allow access to a difficult entrance. The table is 63" long, 33" wide, 31" high and 24" under knee DL43 We Give Free Delivery to Mainland England & Wales, to see all of our current stock please visit our web site at www.elmgarden.co.uk Delivery times vary from 7 to 28 days DL43
