Description

Standing approximately 10 inches (25.5 cm) high and bearing the number 2 in relief on the base, this PAIR OF ANTIQUE STAFFORDSHIRE BLACK AND WHITE SPANIELS date from circa 1860. The DOGS have GILT collars, chains and padlocks. The condition is good. There are a couple of small shrinkage lines which have occurred during the firing but these do not detract from the overall appearance. There are two, short, faint hairlines; one just above the toes on the right side DOG and the other underneath the left side DOG. Neither of these are open and are only mentioned for accuracy of description. There is no restoration.
