

SA242680

Magnificent Twin-Fusee Bracket Clock

Price

Sold**Item Reference: SA242680****Date of manufacture: 1850**

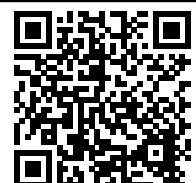

Description

An imposing and very elegant bracket clock made by JAMES PIRIE of CULLEN (SCOTLAND). The beautifully crafted rosewood case of drumhead form leading to a waisted lower half over a plinth base. The lower half of the case has an open fretwork glazed panel through which the pendulum can be seen working. The 8 day, twin fusee movement strikes the hours on a bell. It has just been fully overhauled by our BHI registered staff. The white, enamelled, convex dial has black, Roman numerals and is enclosed by a heavy, cast brass bezel with convex glass. Both the dial and the movement are signed with the makers name. He is recorded as working in Cullen between 1830-1870, where he also made the Town clock. All of our clocks carry a full 12mth guarantee and all are available for Worldwide export. Dimensions: Height: 20" (51cm) Width 12.5" (32cm) Depth 7.5" (19cm) NEW LOW PRICE!!!!
