The three brass shades have quality crystal glass drops coming down from the top frame giving a lovely reflected light. The back wall plates have a screw hole for easy fixing to the wall and measures 17cm in length. The length of the overall front of the lights is 24cm and the width from the back plate to the front is approximately 16cm. Two of the gilded brass lights are shiny and look almost unused, the third shown in the main photograph is slightly darker. Each of the shades has 15 glass drops that make the crystal glass sound when they move against each other, a sign of quality glass. The price includes postage and package within the UK only.
